## Visit us BMAA Expo 25-27 July

If you have not yet heard about Blindware and are attending the BMAA Expo, then you really should put our stand on your **MUST VISIT** list!

With some of the most exciting new products to be released in Australia for many years, Blindware will surprise you with its product range, quality and national warehousing network, not to mention excellent value for money products.

Based in Melbourne and with warehouses also located in Brisbane, Sydney and Perth, Blindware has quickly established itself as the supplier of choice for many blind makers. The reasons certainly include the

breadth and quality of our product range, but also our high quality Point-of-Sale materials and easy to do business approach.

Whether you make wood blinds, aluminium Venetian blinds or fabric blinds, we have the products you are after.

At this year's Expo, we will also be launching a number of new products, all of which will be displayed for the first time. These include roller blind systems to suit tube sizes from 38mm to 63mm, a high quality vertical track system, Roman systems, Panel Track and more.

**Make sure you see us at the BMAA Expo!**

## Looking for a Cedar supplier?

With recent changes to supply options for cedar in Australia, we remind all manufacturers of Cedar Blinds that Blindware can offer a comprehensive range of cedar slat products, along with 2 valance options and a standard 45mm bottom rail.

Our range includes L-M and M-D clear UV lacquer finishes for 45x3mm slat, plus an attractive Tinted-Mid lacquer for those customers wanting a more consistent blind colour. We also offer 60x4mm slat in Tinted-Mid and M-D colouring. Lengths are very

good, with all slat products over 1800mm and average shipments between 2400 and 3300mm.

### Product Range:

- 45 x 3mm slat, L-M, M-D and Tinted-Mid
- 60 x 4mm slat, Tinted-Mid & M-D
- Harbour Bridge Valance, 90 x 8mm
- Flat Valance 84 x 5mm
- Bottom Rail 45 x 16mm, bullnose
