3.2mtr Wide Polyester Screen

NOW AVAILABLE FOR FIRST TIME.

Blindware is proud to announce the arrival of its 3.2mtr wide PVC/Polyester Sunscreen product range, sourced from Phifer Inc., a recognized world leader in fabric weaving. This range was launched at this year's BMAA expo and first containers have just arrived.

The Picturesque range offers a total of 11 colours, including 4 available in 3.2mtr roll width. Our first shipment has just arrived and opening stock includes:

White	2500mm & 3200mm roll width
White Linen	2500mm & 3200mm roll width
Charcoal	2500mm & 3200mm roll width
Charcoal Grey	2500mm roll width

Other colours arriving soon include White Stone, Linen, Ivory, White Grey, Grey, Bronze and Charcoal Bronze. Picturesque has FR rating BS1530 Pt3 and is ideal for domestic and commercial projects.

Until now, there has been a lack of alternatives to fiberglass screens for fabricators making wider blinds. Blindware is leading the way with this fabric release, which will change the way you will think about Polyester screen fabrics. Call now for more details.

High Quality Swatching available!

Did you know Blindware can supply you with high quality swatches for many of its products? This includes for:

- ◆ NewYork PS
- ◆ Cedar Blind components
- ◆ Picturesque and Shantung screen fabrics
- ◆ Aluminium coil products.

Ladder Tape & Cord?

Blindware has one of the largest ranges of ladder tape and cord products stocked in Australia.

We have over 75 different colours and styles available for making 25mm, 46mm, 50mm and 63mm blinds, plus a wide range of 1.4mm and 2.5mm cords. We can help save you time and money by making Blindware your first choice.
