

Have you had a fear of the water?

With RollEase,
there is
nothing to fear!

**Introducing the finest outdoor-use roller shade clutch
on the market. Approved and warranted for outdoor use.**

The industries only manual clutch system specifically designed and fully warranted for outdoor use. Special stainless steel internals provide peace-of-mind in wet or humid applications that previously provoked fear.

RollEase Outdoor Clutches are ideal for extremely humid or any location where water may be a concern. Outdoor clutches may be used on outdoor awnings for side sunlight protection, gazebos, decks, outdoor living areas, yachts, RV's and more.

Available in 3-lb (1,35 kg), 8-lb. (3,6 kg), 16-lb. (7,3 kg) and 24-lb (10,8 kg) capacity clutch sizes. Special outdoor brackets are also available for use with this system.
